

REYMAR
FREIGHT

Company Profile

2021/2022

Just a little about us...

Established in 1999 by Fanie Maritz, we were the first to offer an Overnight by road service into the Eastern Cape. Since then we have opened multiple new routes offering a similar service and more.

Through the acquisition of Speedway Express in 2009 we started offering distribution services in the Eastern Cape making sure we are able to offer a Final Transport solution to our clients.

Today we operate out of 8 branches throughout the country and strive to grow larger accommodating our clients and allowing their growth to flourish.

EL Hydra Bar: Barry

Reymar Freight have been my courier since they opened and I have had extremely good service through the years. I would recommend them to all my customers and friends.

Peugair: Jan

We have been using Reymar For many years and would highly recommend them, they deliver a personal hands-on service.

What we can offer you

Grow your business through us by offering your clients a better more efficient final solution. Part of our offering is an Overnight Service by road ex JHB to PLZ, ELS and an ECO service Nationwide servicing every corner of the country.
